Dear Parent/Guardian of

INCOMING STUDENT,

Welcome to the Oxford Community!

We are thrilled your student has chosen to join the Oxford community. We know going to college can be a family affair, so we have pulled together some important resources to assist you throughout the next few months before your Emory Eagle leaves the nest.

Beginning next week, you can find our Eagle Updates in your inbox. This bi-weekly email will keep you up to date on important deadlines and reminders leading up to your student’s start in August.

Accidentally delete an important email? That’s okay! You can find everything you need on the Welcome Website, designed for incoming first-year students and their families. This site has all of the contact information, deadlines, and checklists you will need to make your student’s transition to college a breeze (even in the summer heat). You can also find information regarding advising and registration, housing, student health, and more.

We can’t wait to continue to connect with you throughout this process!

Sincerely,
The Office of Enrollment Services
Oxford College of Emory University
