What’s Next?

Please complete this short questionnaire by October 15 to help your assigned faculty advisor better understand your learning needs and to guide your orientation to Oxford.

Your assigned faculty advisor will also be the instructor of your Discovery Seminar (DS 101Q) course. Faculty advisors are trained to work with all first-year students and provide personalized advice for your academic success. They will support your growth in critical thinking, communication, and research preparation. The questionnaire also provides an option for students who feel they need additional support in writing and communication, and research preparation.

If you feel your recommendation does not match your learning needs, please be honest and accurate with your answers. Do not select that you are interested in certain classes during course registration. Don’t wait until the last minute to take these exams! If you have not completed your Directed Self-Placement Questionnaire by that date, you may have difficulty signing up for certain classes and courses.

First-Year Writing Placement:

Spring Start students are required to complete this in Spring 2023. To help you make the best placement decision for your learning needs and to learn what to expect in your First-Year writing course, take the First-Year Writing Placement. The original deadline for all required courses and exams is December 7. Please click here to register. If we do not receive your form by the deadline, you will be placed in a course you might not need.

In addition to the Oxford Registrar’s Office at oxadmission@emory.edu, please check your Advising Support Center’s Instagram page (@oxfordadvising) for updates.
